

Technical drawing of a building facade showing a vertical section of a wall and a horizontal section of a window. The vertical section includes dimensions for window height (18x20=360), wall thickness (60.0), and floor levels (-6.235, -6.735). The horizontal section shows window width (38ø10-20-L=4115) and wall thickness (4ø12-L=4115). Callouts 1-8 identify specific components like reinforcement bars and structural elements.
